Ontario Travel has information to assist physically disabled travellers. Accessibility information is being collected considering a variety of special needs. We encourage you to call our toll free line so that our counsellors may assist you with the details you need to plan and enjoy travel throughout the province.

HOLIDAYS

Whenever we say Thanksgiving we mean Canadian Thanksgiving, which happens the second Monday in October.

Other public holidays in Ontario: New Year's Day, Good Friday, Victoria Day (May 24 or preceding Monday), Canada Day (July 1), Civic Holiday (first Monday in August), Labour Day (first Monday in September), Christmas Day and Boxing Day (December 26).

Many places in Ontario close on Christmas, New Year's Day and Good Friday. Be sure to check ahead.

FLY-IN SERVICES

Wherever you want to fly, there's an air service in Ontario to take you there. Your travel agent or your local airline offices can provide you with information on scheduled flights.

Charter service is provided by the companies in the following list. Many also provide hunting, fishing and canoe package vacations. Experienced bush pilots can take you to a comfortable outpost cabin or campsite -- or help you set up in a remote area.

To enjoy the great north country best, you should know what to expect and what's expected of you when you venture into remote areas. Here are a few hints:

Outpost Camps: Accommodations generally include wooden frame buildings, log cabins or waterproof tents. No electrical hook-ups!

Safety Tips: Inspect propane-fired heating or refrigeration equipment to ensure that it is properly ventilated to the outside. If in doubt, ask the outfitter to make the inspection before he leaves the camp. While in a boat or canoe, observe safety rules - avoid overloading, standing up, careless navigation and inadequate life preserving equipment. When in the bush, respect the forest fire safety rules and regulations. Use extreme caution when smoking and never leave a fire unattended; make sure that it is completely out before you depart. Dispose of all burnable material in cooking or heating fires and bury the rest if the camp has a designated garbage pit. Otherwise garbage should be taken out by the party that brought it into the bush. Practise conservation, take only what you need. Advise the outfitter when you have to break the seal on the camp's first aid kit for any reason.

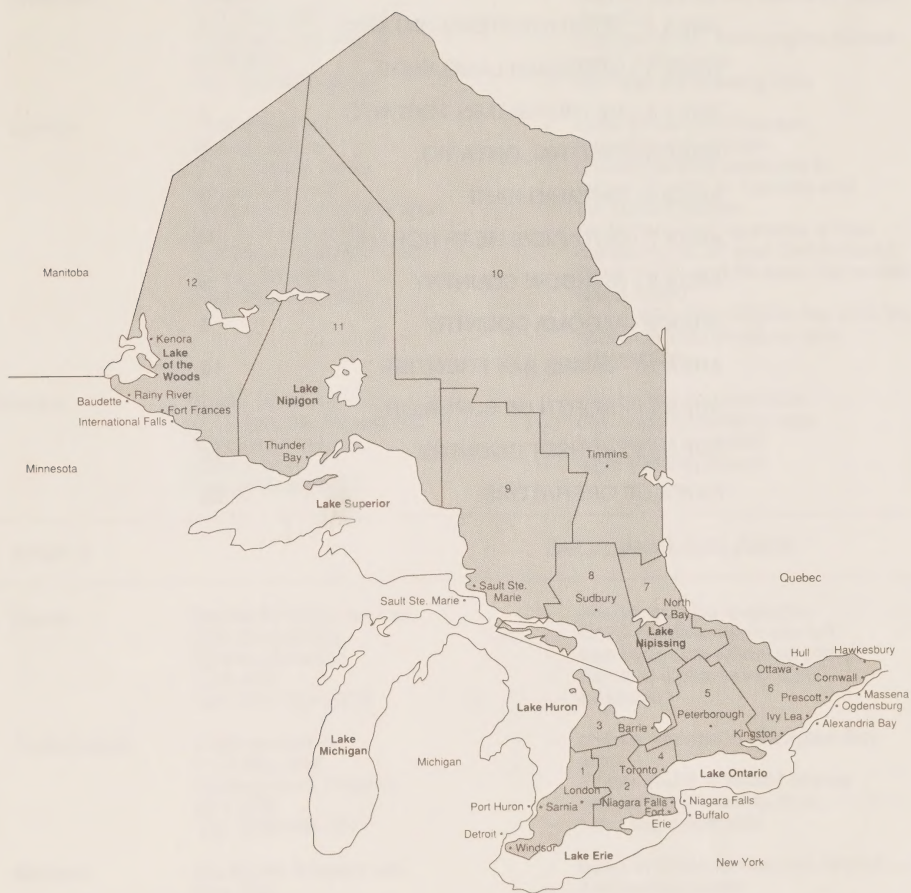

Weather conditions may delay or sometimes cancel flights in or out of outposts. You should realize this problem and be prepared for such a situation.

Operators are listed under the 12 travel association regions outlined on the map on the following page. This will help you in selecting a service in the general area where you plan to take your holiday.
